Billing Address:

I am requesting the following service (choose one):

Milling Only
(Fill out Cut List
section below)

Milling & Kiln-Drying
(Fill out Cut List & Surfacing
sections below)

Custom Woodworking Please attach a sketch or
picture including L x W x H x finished thickness. WFTH
will provide a quote for the finished project.

Upon completion of this project, I would like (choose one):

Will Call Delivery quoted for the following address:

Log(s) will be brought to WFTH facility by (choose one):

As early as (date):

Self (call before delivery) Arborist Name (call before delivery):

WFTH If WFTH is checked, the log(s) must be left within 10' of a street with
20' overhead clearance, in a place they can stay for up to two weeks.

Please initial _____

Log Pick-up Address:

Log Info

Please spray-paint log(s) with initials. Then, mark ends of logs A, B, C, etc.. Itemize species and dimensions below. Length is measured from top of cut notch to the first main crotch; diameter is measured wherever the log is smallest. Add blank paper if needed.

WFTH will estimate board feet using the Scribner Scale.

A	Species:		L x Dia:		BF est:
B	Species:		L x Dia:		BF est:
C	Species:		L x Dia:		BF est:
D	Species:		L x Dia:		BF est:

Cut List

Length (choose one)	<input type="checkbox"/> 8'	<input type="checkbox"/> 10'	<input type="checkbox"/> 12'	<input type="checkbox"/> 14'	<input type="checkbox"/> 16'	<input type="checkbox"/> 18'	<input type="checkbox"/> 20'
Thickness (choose one)	<input type="checkbox"/> 4/4 (4/4 rough sawn will finish approx. 3/4")	<input type="checkbox"/> 6/4 (6/4 rough sawn will finish approx. 1-1/8")	<input type="checkbox"/> 8/4 (8/4 rough sawn will finish approx. 1-1/2")	<input type="checkbox"/> 12/4 (12/4 rough sawn (will finish approx. 2")	<input type="checkbox"/> Other:		
Width (choose one)	<input type="checkbox"/> Flitch cut (width of log)		<input type="checkbox"/> Best yield (widths will vary)		<input type="checkbox"/> Specific:		
Edges (choose one)	<input type="checkbox"/> Live/Natural (can be mixed and/or one-sided)			<input type="checkbox"/> Milled/Square			

Surfacing

Lumber is rough sawn by default; surfacing adds an additional \$65/hour.

Sides (choose one)	<input type="checkbox"/> s1s (plane one surface)	<input type="checkbox"/> s2s (plane both surfaces)	<input type="checkbox"/> s3s (plane both surfaces and straight-line one edge)	<input type="checkbox"/> s4s (plane both surfaces and straight-line both edges)
Planing (choose one)	<input type="checkbox"/> Skip-plane	<input type="checkbox"/> Mill-finish	<input type="checkbox"/> Specific thickness:	
Sanding (choose one)	<input type="checkbox"/> None	<input type="checkbox"/> Specific Grit:	<input type="checkbox"/> Other:	

Pricing

Milling-only (no kiln-drying)

\$80.00/hour with a minimum of one hour, plus saw blade(s)/chain(s)--\$30.00 per blade in 34" diameter log(s), \$100.00 per chain in log diameters greater than 24".

Milling and Kiln-Drying

For 4/4 (1" thick rough sawn) lumber	\$4.00 per board foot*
For 6/4 (1.5" thick rough sawn) lumber	\$4.50 per board foot*
For 8/4 (2" thick rough sawn) lumber	\$5.00 per board foot*
For 12/4 (3" thick rough sawn) lumber	\$6.50 per board foot*

*If foreign objects are found in log(s), an additional fee will be charged to remove them at \$80.00 per hour. A blade or chain charge will be added for hitting metal; \$30.00 per blade for 34" diameter log(s), \$100.00 per chain for log diameters greater than 34".

Custom Woodwork Projects

WFTH will provide an estimate based on the entire project, given dimensions and basic design concept provided with this Log(s) Information Form. Customer will want to know this number to determine whether to proceed with milling service. If estimate is within customer's budget, WFTH will work with customer's design details to firm up the quote for the project.

Procedure

A completed copy of this Log(s) Information Form is due to Wood from the Hood (WFTH) to get the process started, along with an up-front pick-up cost if WFTH is chosen to pick-up the log(s). Minimum hauling fee is \$300 for pick-up of curb ready logs within 10 miles of WFTH yard; additional time is \$180.00/hr.

Log pick-up fee is NON-REFUNDABLE even if log is deemed unviable upon arrival. If log(s) show up at our yard without prior arrangement, the log owner has 7 days to submit this completed form or the log(s) will become the property of WFTH. If log(s) show up at our yard without having received this Log(s) Information Form, it should be submitted within two weeks. Any delays on the cut list may incur \$2.00/day fee. Wood from the Hood may continue to charge this storage fee up to 1 month from the log(s) arrival to our yard. If no cut list is made available by that point, customer may need to make arrangements to have the logs picked-up, or forfeit title of the log(s) to WFTH (any deposit balance will be forfeit).

Once log(s) have been received, WFTH will issue a contract based on the total project cost for one of the following: an *estimate* of the time it will take to Mill-only, an *estimate* of the board foot yield when kiln-drying, or the finished custom woodwork project. Plus, an *estimate* of the hauling cost, less credit paid up front. A signed copy of the contract will be due along with a 50% deposit before the project will begin. The entire process can take anywhere from 4-24 months, depending on species, thickness, and our milling schedule. We broadly estimate 6 months to process per inch of milled thickness; a year per inch in the case of Oak. The final balance, which, again, may differ from the original milling or milling and drying estimate based on actual yield, will be due once the entire project is complete—before delivery if delivering.

Once job is complete, based on final invoice date, WFTH will store lumber for up to two weeks to accommodate arrangements for pick-up or delivery. After two weeks, WFTH may charge \$.50/BF monthly storage fee with a minimum of \$125.00/month payable in advance.

Liability

WFTH assumes no responsibility for theft or loss of any kind. Customers need to insure items as necessary.
